Dear Parents, Guardians, and Students:

New for the 2016-2017 school year, students at Heritage High School will be able to, with their parent/guardian's permission, check out a Chromebook that stays with them throughout the school year for their use at school and at home. In order for your student to be provided a school-issued device, a **Student and Primary/Guardian Responsible Use Agreement for Devices** form must be completed before the first day of school - August 18, 2016. This form is included in the Annual Family Check-in Process that is now available online.

How to access the Annual Family Check-in -

- Log into your **Infinite Campus PARENT PORTAL** (**not your student's portal account**). If you do not have an Infinite Campus Parent Portal account or have forgotten your login or password, please contact Kevin Keena via email at kkeena@lps.k12.co.us.
- Click on the "Inbox" tab.
- Click on the message: "2016-2017 Annual Family Check-in."
- Follow the instructions on each page and fill out all information.

Submit Responsible Use Agreement for Devices –
As part of the Annual Family Check-in process, you will be asked to select one of the following two choices:

- I want my 6 - 12th grade child to have access to his/her school-issued device beyond normal school hours, and I grant my permission for my child to bring the device home. **(We highly recommend this choice.)**

- OR -

- No, I do not grant permission for my 6 – 12th grade student to bring a device home OR my child is not participating in the 1:1 Initiative because he/she is NOT is grades 6, 7, 8, 9, 10, 11 or 12.

To review the "**Student and Parent/Guardian: Responsible Use Agreement for At-Home Devices and FAQ's**" you will need to click the link at the bottom of the page.

While there are several rules and regulations around this 1:1 initiative, we believe it to be an exciting program that will enhance your child's experiences. Teachers and students will often be learning together as they explore the possibilities for individual classes. Mathematics, World Languages, Science and Social Studies curriculums all have on-line components and students will use the computers frequently in class and for homework. All other classes will be incorporating computer opportunities as well. Thank you for helping Heritage High School deliver a quality education to each and every child.

PLEASE NOTE: Parents/Guardians may access the Annual Family Check-in page today. However, beginning July 1, 2016, please visit the Heritage High School website to complete the check-in process and pay fees for the 2016-2017 school year.

Sincerely,
Heritage High School
