Weekly Bulletin

March 13, 2017

WEDNESDAY, MARCH 15, is our next Late Start Day. School begins at 9:21 and buses run two hours later than normal on Late Start Days.

PARENTS OF SOPHOMORES AND JUNIORS: On Tuesday, April 11, juniors will take the SAT and on Wednesday, April 12, sophomores will take the PSAT as part of Colorado state testing. In preparation for these tests, there is a preadministration that must be held prior to test day. There are parts of the preadministration that all students will complete and another part that is optional, for which students must sign a consent form. We are sending the Student Data Consent Form home with students on Monday, March 13, so that they may review the details of this preadministration with you and determine their consent. This is time sensitive, and the consent form must be returned by Wednesday, March 22, in Advisory. Attached are copies of documents which students will receive. Please ask your student for the "Student Data Consent Form" and the "Student Data Questionnaire Supplemental Instructions for Students" so that you may review them and assist your student in completing and returning them on time.

The Colorado Department of Education is offering all 10th grade students attending public schools in Colorado the opportunity to participate in the PSAT™ 10 exam. The PSAT 10 is aligned to the Colorado Academic Standards and measures the skills and knowledge that are essential for college and career readiness. As part of the College Board's SAT® Suite of Assessments, the PSAT 10 allows you to prepare for the SAT, which you will take next year.

The College Board, the provider of the PSAT 10, gives students and families complete discretion regarding any voluntary information they provide. Either before or on test day, you will complete the Student Data Questionnaire (SDQ) on your answer sheet. The SDQ consists of some basic information about you (name, school, grade level, state student ID, sex, and date of birth) that is required to identify your test and provide a score report, along with optional questions regarding yourself and your interests. Information gathered from the optional questions will be used for a variety of purposes, including analysis to ensure that the exams are fair for all groups, group reporting, to connect you with potential colleges or scholarship opportunities, and for research.

A complete list of the information requested in the SDQ and the ways that it is used can be found on the other side of this flyer. When completing the SDQ, you will also be able to opt into Student Search Service®, which connects you with colleges and scholarship programs. If you opt in, participating colleges may provide information on financial aid and scholarships as well as information about majors, student services, and campus life. You may cancel your participation in this service at any time. To be clear, completion of the optional questions on the Student Data Questionnaire, and participation in Student Search Service are optional and voluntary for all students. Additional information may be found in the College Board Privacy Policy at collegeboard.org/privacy-policy.

See the other side for the information that will be collected on your answer sheet. Review the optional questions to determine if you wish to respond. If you choose to complete the optional questions, you are still not obligated to answer all questions. After reviewing, please indicate below if you will be completing the optional questions on the answer sheet, then complete your name and sign and date this form. Once completed, return to your school teacher or counselor.

The Colorado Department of Education is offering all 11th grade students attending public schools in Colorado the opportunity to participate in the SAT[®] exam. The SAT is aligned to the Colorado Academic Standards and measures the skills and knowledge that are essential for college and career readiness.

The College Board, the provider of the SAT, gives students and families complete discretion regarding any voluntary information they provide. Either before or after testing, you will have the opportunity to complete the Student Data Questionnaire (SDQ). The SDQ consists of basic information about you (name, registration number, school, state student ID, sex, and date of birth) that is required to match your questionnaire to your SAT registration, along with optional questions regarding yourself and your interests. Information gathered from the optional questions will be used for a variety of purposes, including analysis to ensure that the exams are fair for all groups, for group reporting, to connect you with potential colleges or scholarship opportunities, and for research.

One of the primary benefits of completing the Questionnaire is to opt into Student Search Service[®], which helps connect you to college and scholarship opportunities that align to your interests. If you choose to complete the survey, a minimum number of fields are required. The data you provide will be added to your College Board student record, even if you choose to not participate in Student Search Service. Additional information about each field can be found in the *Registration and Questionnaire Booklet* distributed by your school and located at collegeboard.org/colorado. Your responses will:

- Provide information to the College Board that helps to ensure that the SAT is a fair and accurate test for all students.
- Be used by the College Board for research and planning to improve our tests and services.
- When combined with those of all other students taking the SAT, contribute to an understanding of your graduating class, which can assist colleges and universities in delivering programs and opportunities to serve you and your classmates.

The College Board will only share data with eligible colleges, universities, and scholarship and educational opportunity programs that have signed a license agreement and consistently monitors their use of student information for compliance. Student scores are not shared through Student Search Service. You may cancel your participation in Student Search Service at any time. To be clear, completion of the Student Data Questionnaire and participation in Student Search Service are **optional and voluntary** for all students. Additional information may be found in the College Board Privacy Policy at collegeboard.org/privacy-policy.
