

Littleton Public Schools Joint PTO Scholarship Fund

If a group's goal is to enhance the educational environment, it makes sense to help energize the teachers.

About the Committee:

The LPS Joint PTO Scholarship Committee was founded in 1958, over 50 years ago! Through contributions from individual schools' Parent-Teacher Organizations, the fund provides financial assistance to district teachers seeking to further their education.

Why is it important?

This is a unique chance for members of a school PTO to reach beyond their individual child, their child's classroom teacher, and even their school. We recognize that helping all teachers reach their learning goals helps strengthen our district and the future of our children's education.

What you, as PTO President, can do:

First, make certain that you have a representative from your school assigned to the committee. Committee members communicate important information to your school's teachers, read and evaluate the applications, and decide award amounts. ***When Your School's JPTO Representative Position is filled please email their name and contact information to Alison Nelligan at JPTOScholarship@gmail.com***

Next, look for the line item in your PTO budget. If the Joint PTO Scholarship fund is not part of your annual budget, please consider establishing a contribution amount to help this committee continue to thrive.
