

Paint Recycling Fundraiser

Saturday April 7

10:00 am to 2:00 pm

Southeast corner of the Littleton High School parking lot

**The recycling is free of charge
however donations benefitting LHS After Prom
will be greatly appreciated!**

We accept latex/water based paints, stains and clear finishes.

Must be in their original container...

there's no need to consolidate partially full cans together.

We do not accept oil, alkyd, lacquer, urethane or other chemicals

GreenSheen Eco-Friendly Paints recycles leftover latex paints and their associated containers keeping hundreds of thousands of pounds of liquid and solid waste from landfills every year.
