

LPS & COLORADO DEPT OF HEALTH AND ENVIRONMENT PRESENTS

PARENT WORKSHOP 2018

OPENING THE CONVERSATION ABOUT MARIJUANA

The workshop will educate parents and other trusted adults of elementary students about retail marijuana to better prevent use. The workshop is inclusive, informative and covers the following topics:

- Marijuana and the law/ legal standpoint
- How marijuana affects the brain
- How marijuana affects general health
- Forms and methods of marijuana consumption
- Focus on elementary school ages
- Resources and presentation available in Spanish
- Interactive exercises

We will also provide materials and tools to help parents continue the conversation at home with their kids or teach other trusted adults how to have the conversation.

Due to limited space, preregistration is required
