

Littleton Academy Uniform Pictures

Please review this slide show to get a better idea of our uniform policy. It is very important that the style of garment matches these photos. Be aware that if you purchase outside of our vendors, **the clothes must match exactly.**

The biggest problems we see with uniforms that are purchased outside of Dennis Uniform or Educational Outfitters are small problems with the style such as the pockets, the stitching and the pant leg design, ***but the presence of the non-compliant items makes it difficult for teachers and staff to enforce the code fairly.*** Other vendors often carry similar plaids or colors but they may not be right with our code.

These slides are a quick reference and do not include examples of everything in our code. Please go to our website, www.littletonacademy.net, to read our entire code as well as details about general grooming, hair accessories and jewelry.

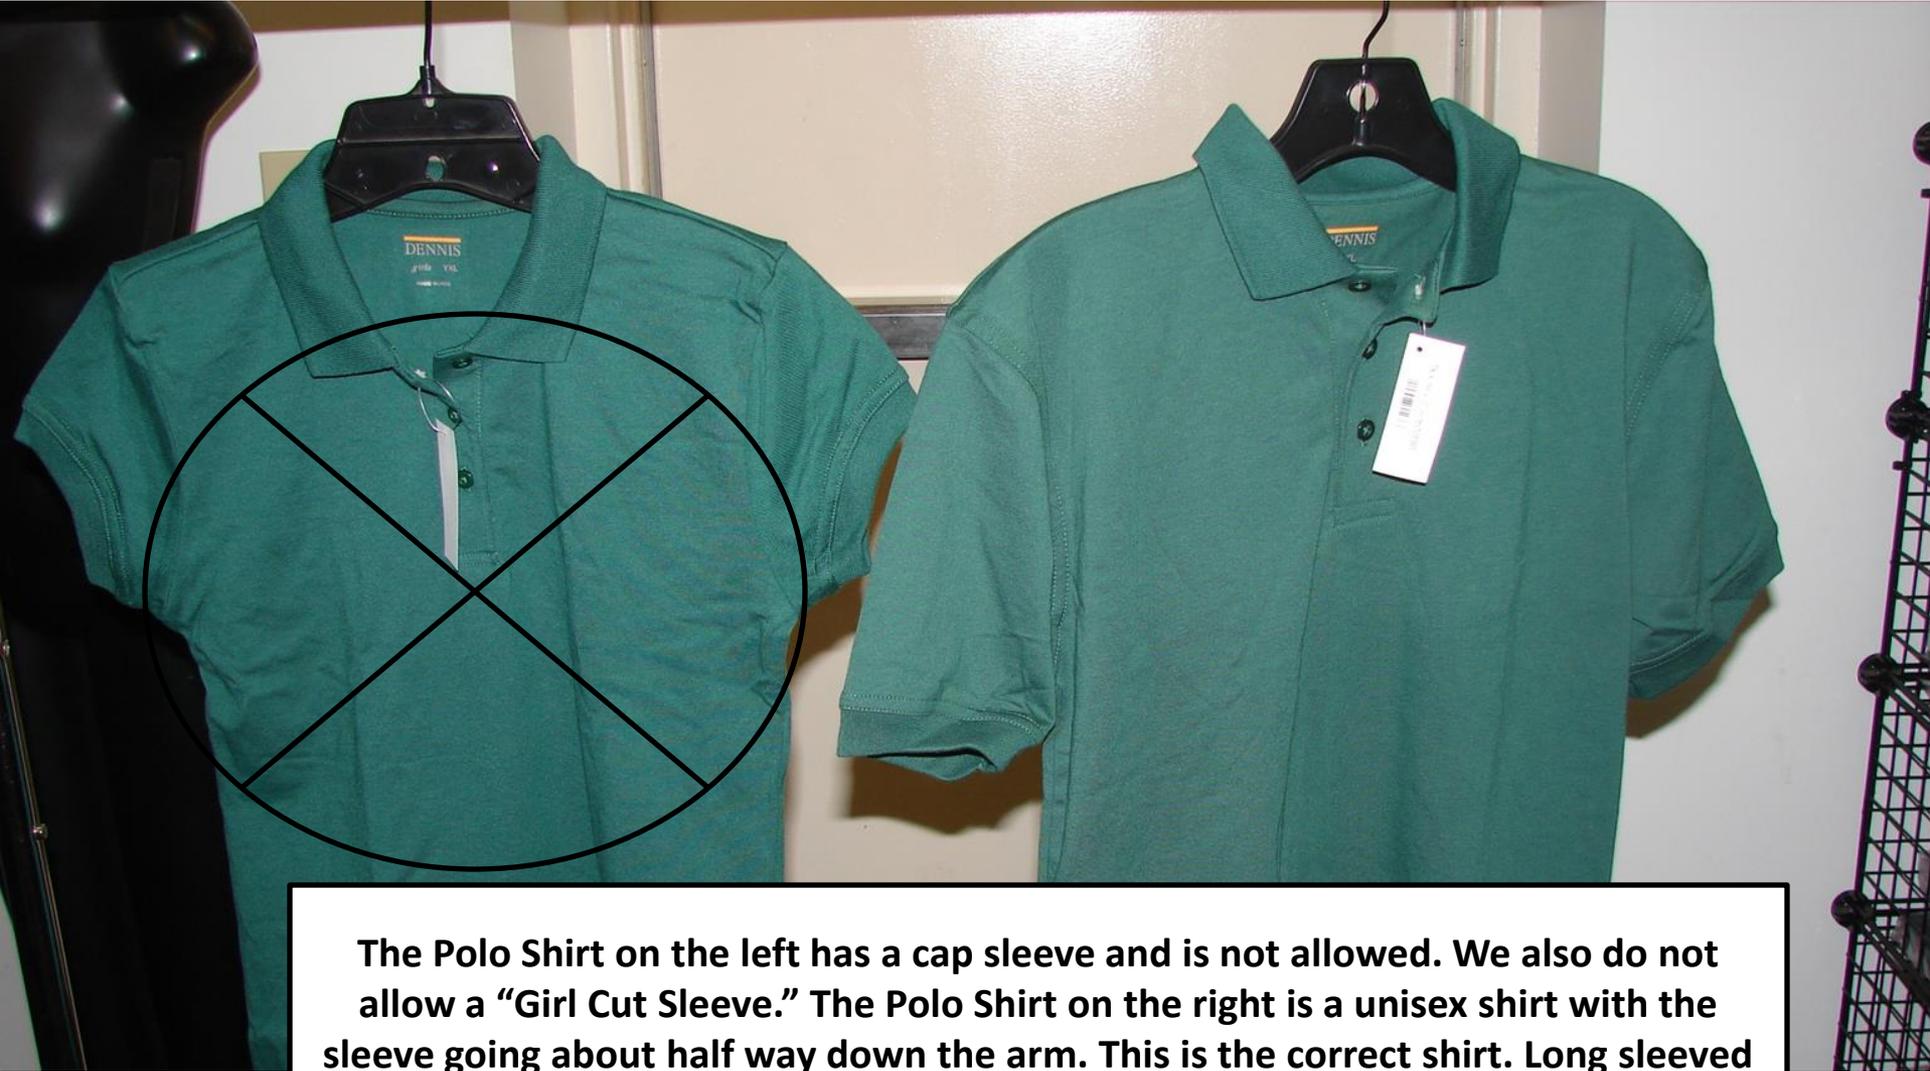

This is the middle school color palette. Students can mix and match these colors with khaki or navy pants or shorts. Girls can also mix and match with skorts, skirts and jumpers in our plaid or navy blue.

White, Hunter Green, Navy Blue, Lemon Yellow, Burgundy

This is the elementary color palette. The only difference is elementary wears a red polo and middle school is allowed a burgundy polo. Students can mix and match these colors with khaki or navy pants or shorts. Girls can also mix and match with skorts, skirts and jumpers in our plaid or navy blue.

White, Hunter Green, Navy Blue, Lemon Yellow, Red

The Polo Shirt on the left has a cap sleeve and is not allowed. We also do not allow a “Girl Cut Sleeve.” The Polo Shirt on the right is a unisex shirt with the sleeve going about half way down the arm. This is the correct shirt. Long sleeved polo shirts are also allowed within our color palette.

There are 2 Styles of Elementary sweat shirts seen on the left.

The middle school may wear any style on the left and are also allowed a hoodie.

Please remember that Elementary can wear red and not burgundy and middle school can wear burgundy but not red.

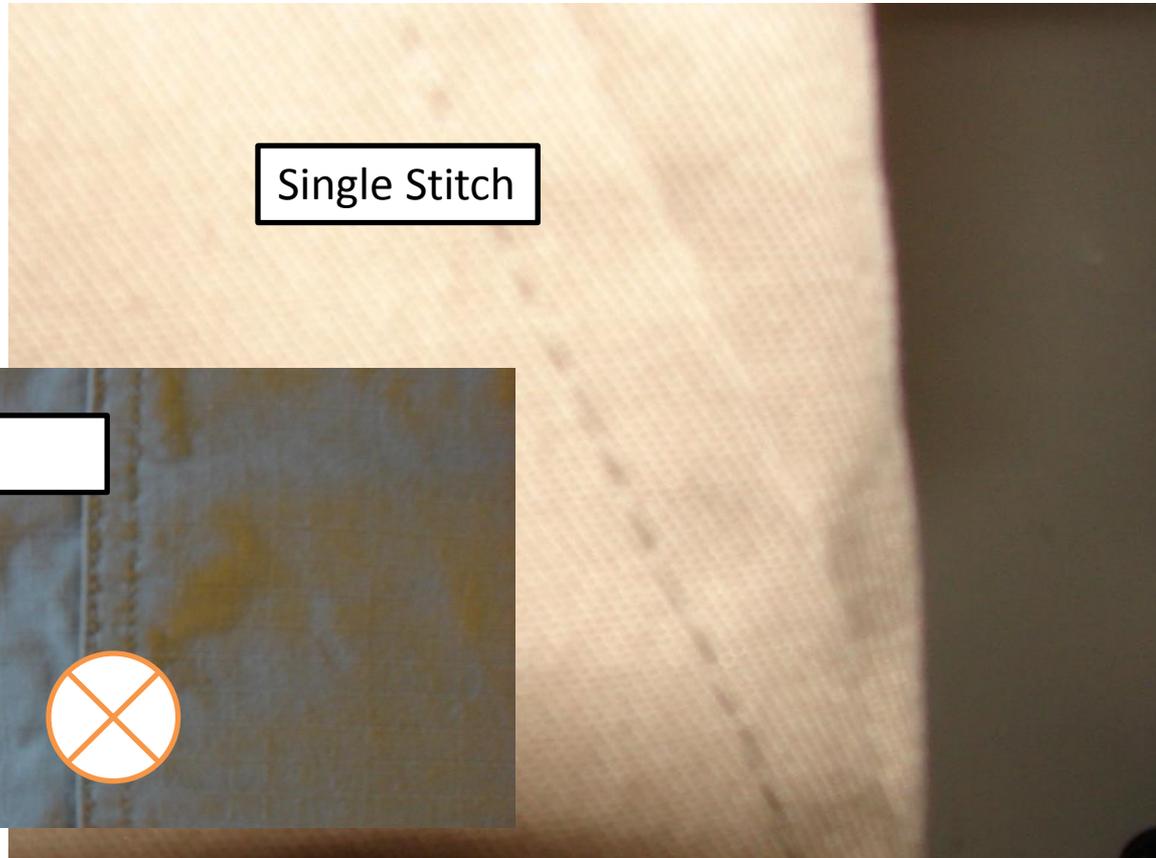

All Sweat shirts must be embroidered with our logo and are available at both Dennis Uniform and Educational Outfitters.

This is an example of our shorts with a flat front; a pleated front is also acceptable. Please note the style, it is a walking short not a Bermuda. It comes to just above the knee. Shorts, skorts and shirts should be above the knee but not more than 4" above the knee when kneeling for both genders. The length rules apply on dress of choice day as well!

Our pant style is a straight leg. It does not have a flair or a taper. The pant leg should be loose on the top of the shoe. It should be loose enough to allow a boot to be covered.

Single Stitch

Double Stitch

Pants and shorts have single stitching. No double stitching.

We have 2 skort styles and one pleated skirt. These may also be purchased in Navy but NOT in Khaki. Again , the length should be above the knee but not more than 4" above the knee when kneeling.

You can mix and match many styles and colors

Other shirts allowed in our code are oxford shirts and a button down shirt with a peter pan collar. These are only allowed in white.

Plain Cardigans and Sweater Vests are allowed in the style shown above.

This is our jumper style. It can be worn in our plaid or navy blue, NOT in khaki.

Socks must be worn EVERY day (including dress of choice days). Socks must be **visible** above the shoe. They should be plain, may have a small logo but no writing, patterns or ruffles. Colors can be solid black, white, navy, hunter green or red (elementary only) or burgundy (middle school only). Girls can wear tights in our school colors. 7th and 8th graders can wear flesh colored hose. The most frequent code violation that we encounter with socks is the slashes up the back of Nike Elite socks (pattern).

Belts must be worn everyday in grades 3-8 with shirts tucked in. Belts must be in a single color in black, brown, navy or hunter green. They may be braided or flat without pattern or design.
