

I hope this letter finds you and your family healthy and doing well. This letter contains a **great deal of important information and updates**, so please take the time to **read both pages thoroughly and carefully**. **Everything in blue writing provides an important link** to further information. Don't hesitate to reach out to me if you have additional questions.

I know for our juniors and seniors this past weekend was a tough one as the date of our originally scheduled Arapahoe Prom came and went. It was fun to see and hear about the many creative ways you found to celebrate "Quarantine Prom" with family and even virtually with friends.

As we approach the end of the semester, please be sure to **keep checking in with TRIBE teachers and doing your attendance daily**. You should also be **checking in with your teachers** and reaching out to them if you have any questions or need additional support. There is also a list of [Virtual Peer Tutors](#) on the AHS website who are willing and able to assist their fellow Warriors with classwork.

You recently received a letter from Superintendent Ewert that shared some updated information regarding the **ending of our Distance Learning for this semester**. The information in the list below should provide you with all you need to know about closing out the semester at Arapahoe.

I hope you find the information presented here to be helpful. I realized very early in our current situation that **flexibility, grace, and patience** are key to making it all work; and I have been very appreciative of the entire Arapahoe community for your incredible support. As much as we would all like to get back to normal, there are simply many pieces of this puzzle that are out of our control. While I do not know yet what the fall semester will bring, I assure you that I will communicate with you as soon as information becomes available. In an effort to stay on top of everything, **please keep an eye on the AHS and LPS websites**. All of our communications to the students and parents are posted there. **Thank you for being an amazing Warrior community!** I would not want to go through a global pandemic with anyone else! Be safe, healthy, and keep taking care of one another. I miss you, Warriors!

Sincerely,

Mrs. Pramenko
