

2021 LHS Student Winter Holiday Assistance Program

In the spirit of giving, Littleton High School would like to help students and families in need during this year's winter holiday with gift cards that they can use towards purchasing gifts or food for the winter break!

We would like to service as many families as we have requests for, but could be limited based on the donations received.

If you know of a student and/or family in need please contact a counselor or social worker by email or phone!

Individuals who would like to make a donation can drop-off gift cards at the LHS Counseling Office anytime. Gift cards to Target or Wal-Mart are preferred as they allow families the flexibility to purchase gifts or groceries!

Thanks for all that you do and your help in supporting our community! If you have any questions, please call the counseling office at 303-347-7719.
