

THE PROWL YEARBOOK

WANT YOUR KIDS IN THE YEARBOOK?

KEEP READING...

This school year is going to be different. We all know this.

We want to preserve as much as we can for our students and that includes the yearbook. This will be a keepsake to be enjoyed for years to come.

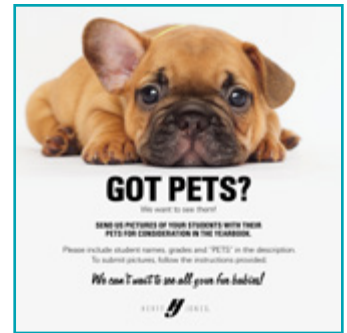

We need you!

Please send us pictures of your students and their friends! We will be asking for pictures representing a different topic, from pets to pajamas and everything in between.

To get started, download the Herff Jones eShare app!

Thank you!

5 EASY TIPS FOR TAKING GREAT PICTURES FOR THE YEARBOOK:

1. Make sure you can identify people in the pics and that they're not far off into the distance. If you think you're close enough, take another step forward. Getting closer is better than zooming!
2. Consider your light source. Don't take a photograph INTO the light. Have the light source, whether it's a lamp or the sun, to YOUR back so that the light is illuminating your subject.
3. Pay attention to the background of your picture. If there is flexibility, choose a pleasing background such as greenery outside instead of a building or a car.
4. Take the highest resolution pictures your camera or phone will take. This assures they will be high quality images for printing in the yearbook.
5. Hedge your bets and take several pictures to assure you get a good one BUT only send the best for consideration in the yearbook.

Thanks for taking pictures for the yearbook!

YOUR FIRST ASSIGNMENT

SHARE YOUR PHOTOS WITH US!

1. **Download** the HJ eShare App or visit www.hjshare.com and enter school code **12449**

2. **Upload** your photos and tag them **SUMMER** or **FIRST DAY** in the description field.

3. We will use as many photos as we can in the yearbook! Watch for the other categories as we announce them through the school year.
