Building Men Through Soccer – In addition to the quality of on-field events listed above, being a part of our program is more than just being a soccer player! Heritage Boys Soccer student-athletes participate and lead within their community and develop into young men ready to serve others and achieve their goals after high school. This tradition is accomplished through program-wide leadership development and off-field events including Hard Hat, Freshman Orientation, Program Olympics, Study Tables, Academic Mentoring and community service projects like T.O.P.S. Soccer Volunteering.
