

A once in a lifetime memory was captured today in two beautiful panoramic class photographs, a formal picture and a funny picture. With these wonderful photographs, treasured relationships with friends and classmates will live on long after school memories have faded away. This is a big, clear, sharp picture and it is very easy to see every student in the photograph. You will find our panoramic photographs are very affordable because so many people order, helping us keep our prices as low as possible. You have lots of options! Order the formal, funny or both, with or without the lamination. The best deal is both pictures with the lamination.
