The district has observed that the number of students who are more engaged and organized has increased by 75%, they contribute this to students be able to check out and use district chrome books.

Did you know that you can get **Microsoft Licensing for Home PC** through the district at discounted rate?

Log in to Inside LPS – click on technology – Personal IT – on the left hand side of the page are the instructions to get the software.

Beginning **March 2018**, Information Technology Services (ITS) will begin to require LPS staff members to change their passwords on an annual basis. By changing our passwords regularly, it will help reduce the risk of accounts being compromised, hacked or being used for malicious reasons. Each specific school or department will be notified via email one (1) business day prior to their designated Password reset date. That email will contain detailed “How-to” instructions & Frequently Asked Questions regarding changing your LPS password.

There is no need to take any actions relating to your password until your designated password reset date.

Committee Updates:

It looks like the insurance rates will increase 7% to 10% this year. There will be more information on the rate increase after the March 8th Board meeting.

The district has hired a new Assistant Superintendent to replace retiring Connie Bouwman. Her name is Dr. Tera Helmon and she comes to us from the Cherry Creek School District.
