

YOUR PHARMACY BENEFITS.

Five things to remember.

1. Use the myCigna® App or website.

24/7 access to all you need to know about your coverage.

- › Find out how much your medication costs
- › See which medications your plan covers
- › Find an in-network pharmacy
- › Ask a pharmacist a question
- › See your pharmacy claims and coverage details
- › Connect to your Express Scripts and/or Accredo online accounts to manage your home delivery medications¹

2. Use “Price a Medication.”

Prescription prices can vary by pharmacy. Before you fill your prescription, compare your costs online. Log in to the **myCigna** App or website and click on “Price a Medication” to find out how much your medication will cost you at the different pharmacies in your network. You can also see if there are lower-cost alternatives available.²

3. Choose generics and save.

Generics typically cost much less than brand-name medications – in some cases, up to 85% less.³ They have the same active ingredients, strength and dosage form as the brand-name medication. Just because generics cost less than brands, it doesn't mean they're lower-quality medications.

1. Not all plans offer home delivery and Accredo as a covered pharmacy option. Please log in to the myCigna App or website, or check your plan materials, to learn more about the pharmacies in your plan's network.

2. Prices shown on myCigna.com are not guaranteed and coverage is subject to your plan terms and conditions. Visit myCigna.com for more information.
