BOUNDARY IDEAS

DOING WHAT'S BEST FOR ALL LPS STUDENTS

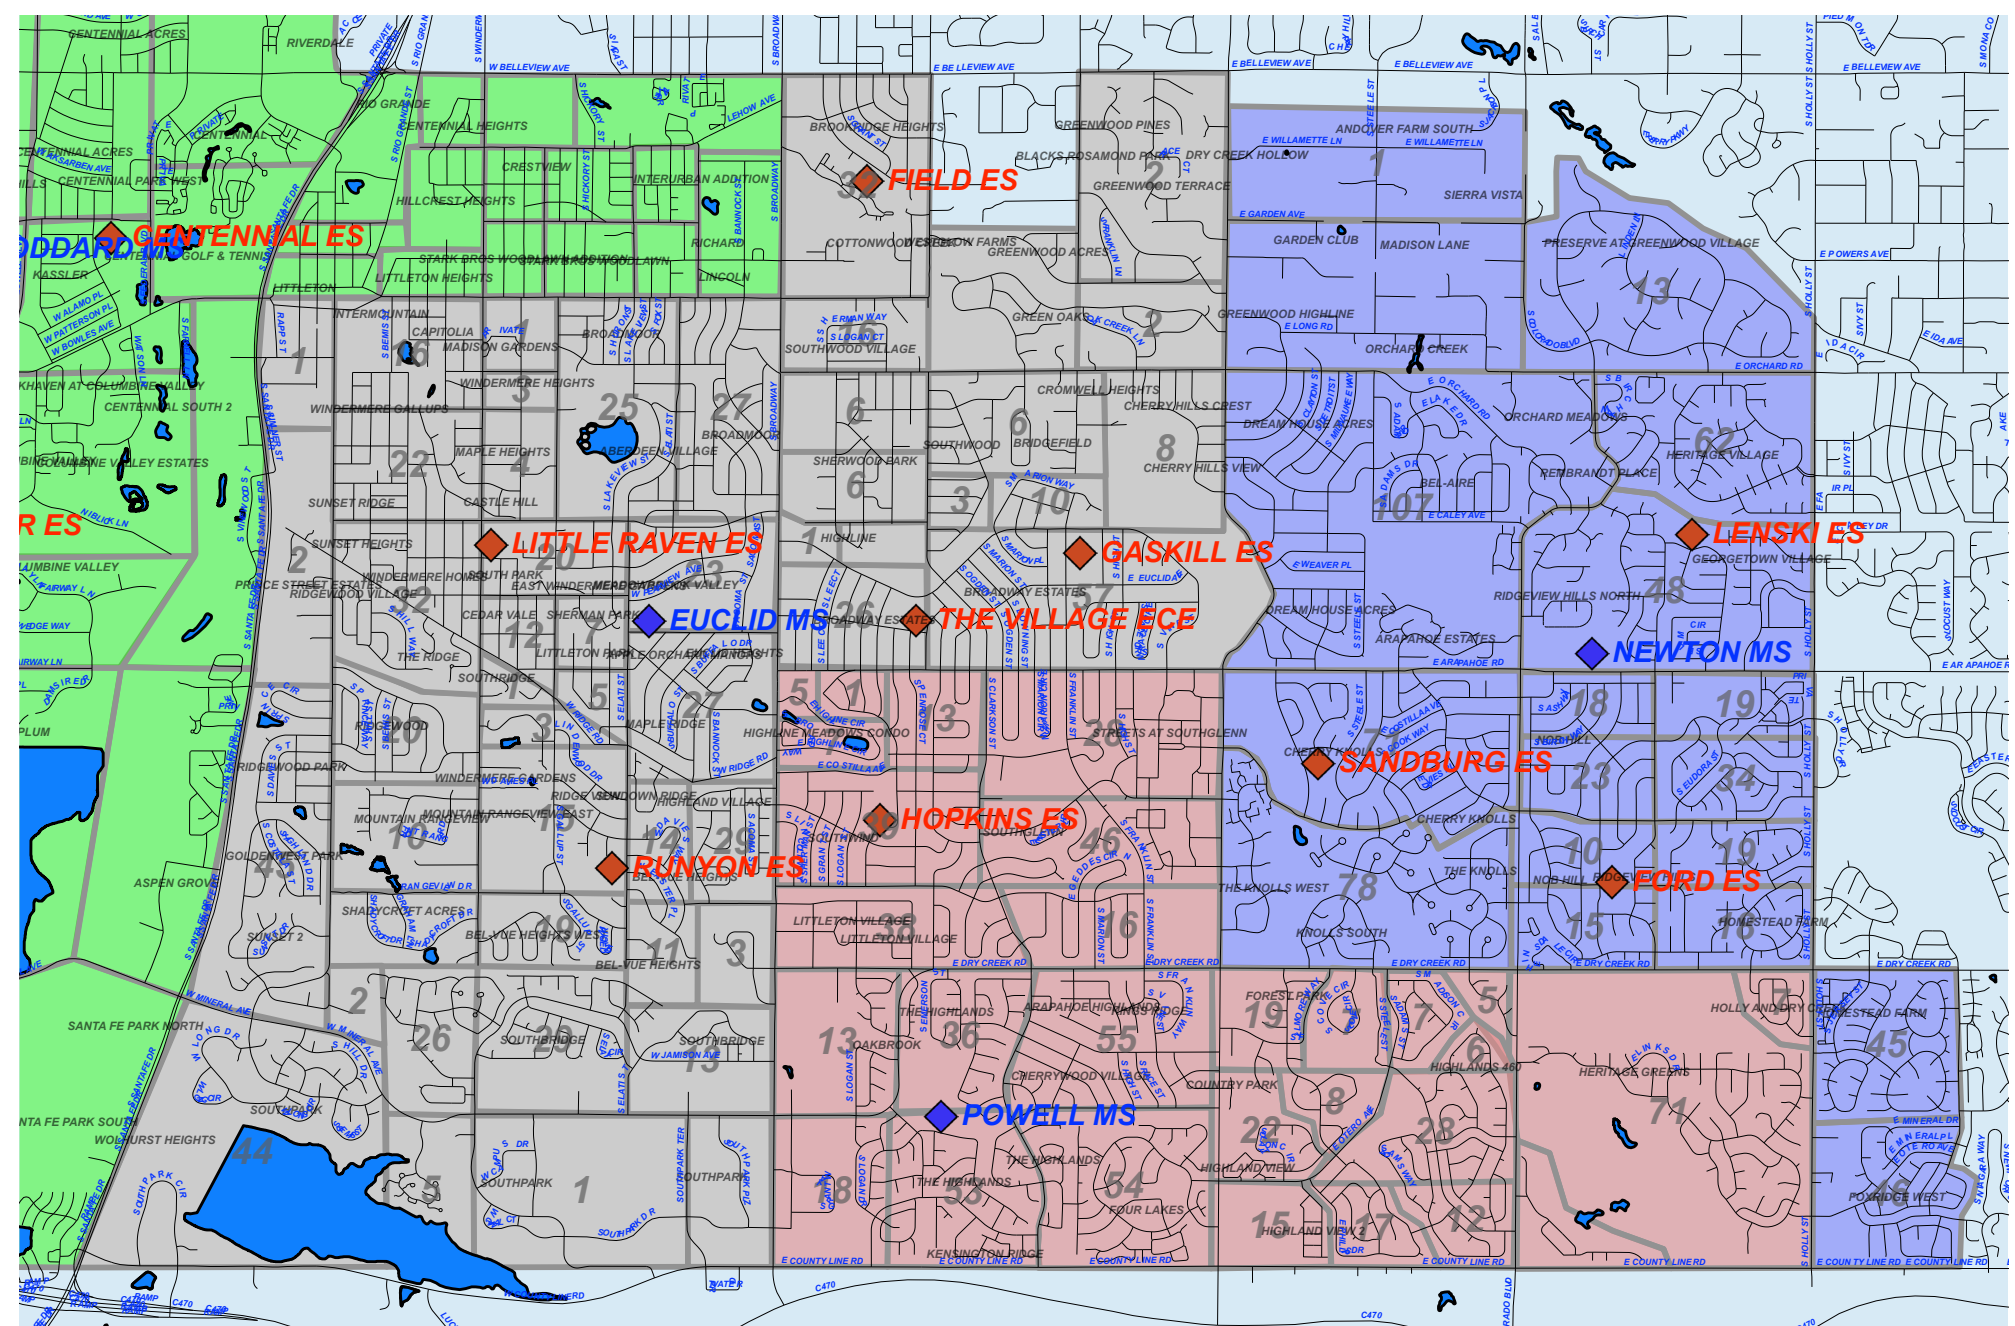

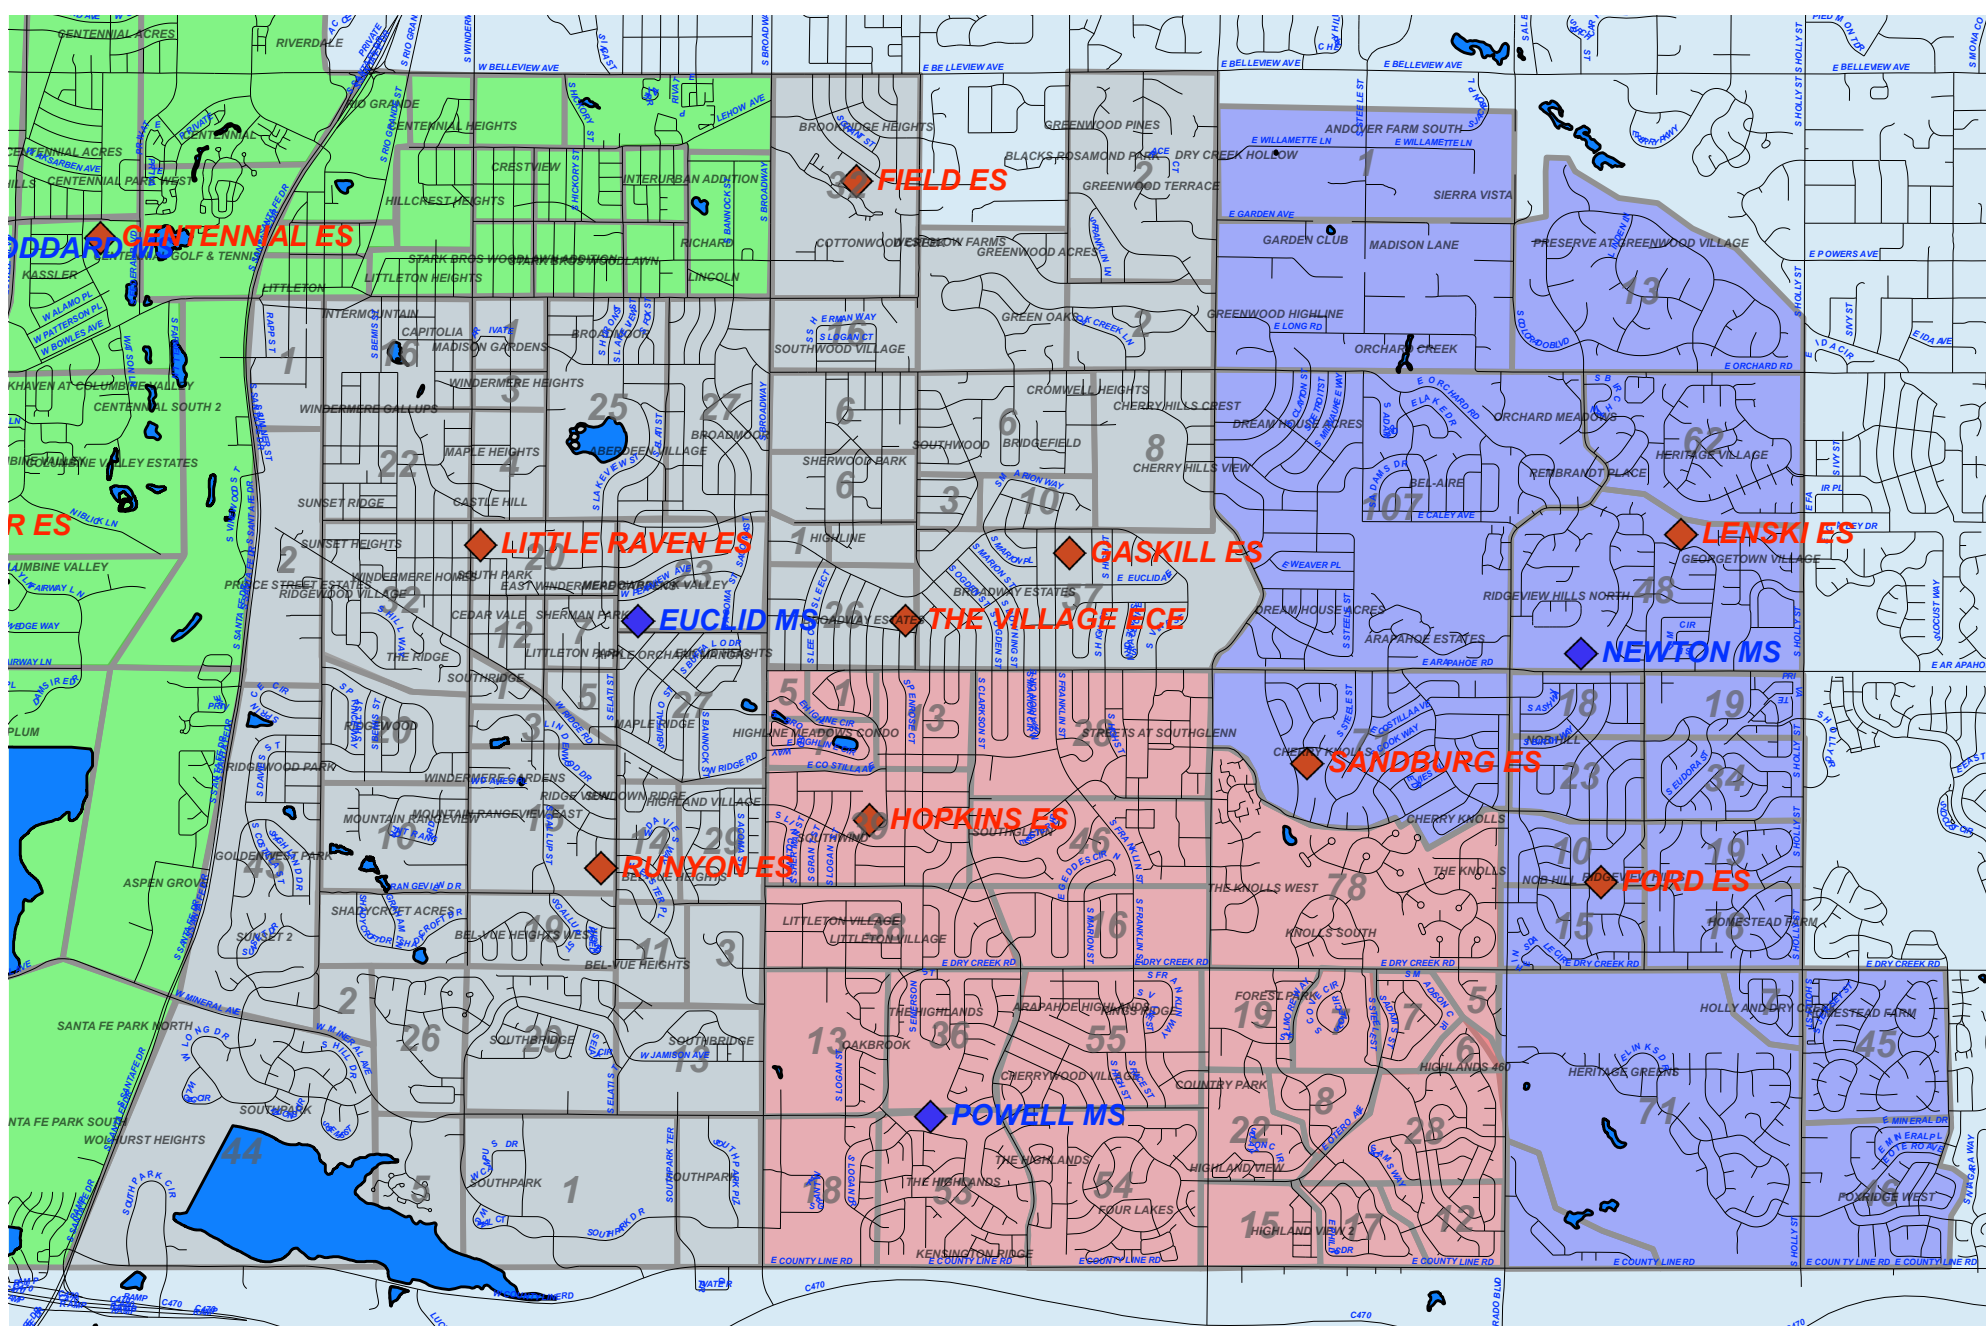

CURRENT MIDDLE SCHOOL BOUNDARIES EAST OF SANTA FE

The numbers of students shown on the middle school boundary idea maps represent the number of middle school-age children living in those neighborhoods regardless of whether or not they attend school in LPS.

RAVEN SCENARIO

CHICKADEE SCENARIO

COMMITTEE VALUES PER MIDDLE SCHOOL SCENARIO

Checkmarks indicate if the boundary idea overall better addresses this committee value.

	Raven	Chickadee
Create schools of optimal size	✓	✓
Keep neighborhoods together	✓	✓
Consider current feeder patterns	✓	✓
Socioeconomic balance	✓	✓
Transportation efficiencies (avoid crossing major north/south arterial roads wherever possible and busing students past one school to attend another)
