ATTENTION JUNIORS AND SENIORS: On Friday, March 26, Colorado State University will be holding a live, virtual shadow event called Stick With SWE (SWS). SWS is aimed toward high school juniors and seniors interested in STEM. You will be paired with a current SWE (Society of Women Engineers) undergraduate member and get to observe classes, learn about campus life, and learn about SWE. SWS is open to everyone, regardless of what gender they identify as. Stick With SWE is a great opportunity to connect with current engineering students, learn about how to get involved in college, and get a personal look into a day-in-the-life of an engineer at CSU. This opportunity provides you with a personal tour guide studying the major that most interests you and a run-down of the benefits of being involved in clubs on campus. SWS will also have parent and industry member panels. The parent panel is available to parents to learn more about SWE, CSU, and how to support their child in following a STEM degree. The industry member panel will give an insight into their path from college to career and what they do at their job. Students can register for the event [here](#). See flyer below. Feel free to contact tcentola@rams.colostate.edu if you have questions!
