LPS Foundation Spotlight August/September 2023

Meet our new Executive Director!

Excitement is in the air as the new school year approaches and we welcome our new Executive Director, Stefanie Carroll. With a remarkable 20+ year track record in nonprofit organizations across Colorado, Stefanie brings a wealth of experience. Her professional work has spanned fundraising, event management, program creation, marketing, communications, media relations, community outreach, volunteer recruitment, strategic planning, and board development.

Stefanie grew up on military bases around the world until her family settled in Highlands Ranch. She graduated from Highlands Ranch High School in 1995 and then attended the University of Colorado-Boulder. While at CU, she participated in the INVST Community Leadership Program, an intensive two-year, nationally recognized training program that develops leaders who engage in compassionate action as a lifetime commitment. In 2009, she obtained her Master's Degree in Nonprofit Management from Regis University, further honing her skills and knowledge.

As a parent of a K-12 student and wife of a veteran teacher, Stefanie deeply understands the importance of providing unwavering support to students and educators on their unique paths to success. She is excited to be a part of the vibrant LPS community and can't wait to help us fulfill our mission. Welcome, Stefanie!

Row, Row, Row Your Machine

Health and wellness are essential for students, so we fund efforts that promote healthy bodies and minds. To that end, we purchased two magnetic rowing machines for Euclid Middle School. More than 4,800 students will be able to use the equipment over the lifetime of the machines.

Teacher Clint Borel says, "Rowing is an amazing full-body workout that reinforces training principles we learn and practice in PE. Students will get to learn about heart rate and feel the results of the rower!" Students say, "The rowers are cool!"

You can support health and wellness efforts by registering for [The Stride, our 5K, 10K, Kids Fun Run, and Wellness Expo](#). See below for more information.

Rema, Rema, Rema Tu Máquina

La salud y el bienestar son esenciales para los estudiantes, por lo que financiamos iniciativas que promueven cuerpos y mentes saludables. Con este fin, compramos dos máquinas de remo magnéticas para la escuela secundaria Euclid. Más de 4800 estudiantes podrán utilizar el equipo durante la vida útil de las máquinas.

El maestro Clint Borel dijo: “El remo es un ejercicio increíble para todo el cuerpo que refuerza los principios de entrenamiento que aprendemos y practicamos en la educación física. ¡Los estudiantes aprenderán sobre la frecuencia cardíaca y sentirán los resultados de la máquina de remo!” Los estudiantes dicen: “Las máquinas de remo son geniales”
