

How Do You Pay for Services?

Payment method	Action required
1. Your HSA Health Payment Card to pay for care.	None. You won't need to request a distribution from your HSA
2. Another payment method (e.g., cash, check, or credit card) at point of service.	Submit a request for Distribution from your HSA.
3. Split a payment between your HSA Health Payment Card and another payment method (if your qualified medical expense is greater than the funds available in your HSA) at the point of service.	After more funds have been deposited into your HSA, submit a claim for reimbursement for the amount paid with the other payment method.
4. Receive Kaiser Permanente bill after service and pay accordingly.	Write your HSA Health Payment Card number in the credit card section of the bill and return it to Kaiser Permanente. If you don't have sufficient funds on this card, please use another credit card to pay for the remaining balance. Please refer to payment method 3 above to receive reimbursement for the amount available in your HSA.
