

# Heritage Legacy Brick Project Student Brick Order Form

Order # & Initial \_\_\_\_\_

## Buy a Brick.....Buy a Plaque.....Leave a Legacy!

Help the Heritage High School build a more vibrant campus! The money raised from the Phase I brick sales was used to enhance the entrance of the school facility by adding locations for students to interact and study, create a strong and lasting connection for students with the community, alumni and traditions of HHS. Investing in our school is vital for future growth and continued success!

The bricks and plaques purchased in the next phase will be placed in the courtyard to help continue our legacy. The money raised will go to help Future Business Leaders of America as they compete in Districts and State competitions. The bricks are a great way to honor your family, loved ones, branch of service or promote your business. For an additional \$10 celebrate your favorite school club by purchasing a club symbol to be engraved on your brick.
