

Friday, October 20th

Thank you all for attending conferences this week. We hope you found them a wonderful celebration of your student! We enjoyed seeing all of our families.

We are excited to share that we will have a therapy dog who will be joining us a couple of times a week. He will be working with Mrs. Alpern, Mrs. Samuel, and visiting classrooms during morning meetings.

Please use the designated crosswalks as you come and go from school. We have seen an increase in families and or students running across Windermere or Weaver and not using the crosswalk. In addition please be mindful of your speed as you come and go from school. Thank you for helping keep our students safe.
