

Fizz, Pop, Wow!

An Afternoon of Wonder and Curiosity with Science Guy Steve Spangler

The Sertoma Club of Littleton is thrilled to host an unforgettable afternoon with Colorado's own Steve Spangler—a master of science, laughter, and learning!

Join us on Sunday, October 20, 2024, from 3-5 PM at the spacious community room and patio on the second floor of the Schomp Mini dealership (1001 Plum Valley Ln, Highlands Ranch, CO 80129). This is your chance to experience Steve Spangler's unique blend of science and wonder while supporting our local charity partners (see below).

This interactive program features some of Steve's favorite experiments and science magic, drawn from his 34-year career as an educator and television host. It's a family-friendly event, so bring your children or grandkids (age 10 or older recommended) to share in the wonder.

With over 2,100 TV appearances and multiple Emmy awards, Steve is no stranger to audiences nationwide. From concocting new experiments at 9NEWS to transforming kitchens into science labs on his nationally syndicated show *DIY Sci*, Steve's mission is clear... to ignite a passion for STEM in the next generation of scientists and engineers.

If you ever saw the enormous mess Steve made repeatedly on the *Ellen Show* (27 appearances over 15 years), you'll know why Ellen herself calls Steve... "the teacher you always wanted because the fire department shows up twice a year!"

The cost is \$75 per adult age 21 or older; students under age 21 are \$25 each. Includes catered appetizers and an assortment of alcoholic and non-alcoholic beverages. Tickets can be purchased online by clicking this link: <https://www.eventbrite.com/e/an-afternoon-of-wonder-and-curiosity-with-science-guy-steve-spangler-tickets-1007655493707>, via the QR code below, or you can contact Jeff Sahr at 303-317-7543 to arrange payment via credit card, check or cash.
