

Meet the Counselor

Hello! My name is Ms. Stephanie Jones. I am the School Counselor/ School Psychologist at Centennial Academy. I am excited to begin my 1st year here but I've been a school psychologist in Colorado for 23 years. I worked in Douglas County and was recently at Clayton Elementary in Englewood. It's my job to help make sure students feel safe and supported so they can do their best learning at school. I work with kids 1 / 1, in small groups, and sometimes whole classroom. I also support teachers and parents and am a member of the special education team.

I live with my husband, Derek, and my dog, Louie.

I love to travel and read and I'm a big sports fan.

Choose kindness

At Centennial, we work hard to make sure students get what they need to learn, when they need it. Social-emotional skills are important to success in school and life so we support their development in many ways. Teachers define and reinforce behavioral expectations with all students, build positive relationships and teach social emotional skills. Some students need additional supports like frequent check-ins, lunch groups or a 1/1 problem-solving meeting. A few students need these things and even more extensive supports. With your formal permission, kids can receive a behavior support plan, a weekly group, or regular meetings with me or Karen Byorick, school psychologist, if they are needed for success at school. If you have any questions or concerns, please don't hesitate to reach out to me. I look forward to getting to know you and your child/ren!
